**GLANCING BACK, LOOKING AHEAD**

◆ FROM YOUR PRESIDENT, KIM MUNKRES

As I write this, January is just around the corner! That means, after the production deadlines and shopping frenzy of the holiday season, it's time to take a breath and contemplate – in this quiet time of the dark winter – what we want to cultivate for the coming year.

It's time too, to express gratitude for all of those who have enriched the Redlands Art Association. We recently lost two amazing members, women whose contributions of talent and time made our arts community a better place. Please take a moment to remember Joanne Ohnemus and Lucille Von Wolffersdorff; their obituaries are on page 5.

What's ahead for you?

I gave up writing resolutions years ago. Instead, I identify a one-word theme that represents a quality that I want to cultivate for the coming year. The advantages to this method are simplicity and flexibility. Artists always seem to have desires and conflicts to resolve (clean house/studio time, anyone?). I have found that selecting a theme helps me resolve those conflicts even if it's done so imperfectly. Perhaps it will work for you as well. Creative blessings to you all.

**Save the date for the Attic Art Sale!**

Planning for the second Attic Art Sale is underway. Last year was so much fun and we raised close to \$8,000 for art education!

The Attic Art Sale is a great way to unload art that no longer suits your style, find new and inspiring pieces at great prices, and support art education – all at the same time.

Contact Shirley Harry at [shirleyh@loislauer.com](mailto:shirleyh@loislauer.com) to arrange to drop off your donated art. (Receipts will be provided for tax purposes.)

**Friday, Jan. 31:** 5:30–8pm (Opening Night Preview; Admission \$25)

## NEWS FROM THE GALLERY

### RAA Members Annual Tea Party

Sunday Jan. 26, 3–5pm

Once again, it's time for the Annual Tea Party. What started as a celebration of the RAA's 50th birthday has become an annual tradition. This is your chance to sit down to afternoon tea with RAA members, to catch up with old friends and make new friends. Bring some yummy finger food, sweet and savory, to share with friends and sit around and drink tea and eat sandwiches, cakes, and more. If you have special dietary needs, please bring something you can eat.

### RAA Program: The Art & Imagination of Theme Park Design with Bill Butler of Garner Holt Productions

Tuesday, Jan. 28, 7–9pm

An exciting company has recently moved to Redlands — Garner Holt Productions Inc, — the world's largest theme park design and animatronic production company. Garner Holt Productions, Inc. is the gateway to realms of incredible imagination, artistry, technical wizardry, experienced industry experts, and unmatched, proven quality. The company's expertise ranges from creating the world's finest and most lifelike animatronic figures (like the bust of Lincoln at the Lincoln Shrine), to design for themed attractions, museums, retail and restaurant locations.

For this program, Bill Butler, who is Vice-President of Garner Holt Productions, will delve into the world of animatronics and give insight into the unique artistic requirements of themed entertainment. A veteran of dozens of attractions around the world, Bill will illustrate the challenges designers face in crafting characters, locations, and storylines in the unique theme park environment, using the technology of Animatronics, which involves bringing animal and human models to life. From Disney to Universal, Knott's Berry Farm to Thomas the Tank Engine, the talents that go into making theme parks and attractions is different from any other medium. This is your chance to learn about the method *behind* the magic!

RAA is really excited about GHP's project: Education through Imagination: school tours, products, and services.

### Featured Artists: **Joe A. Oakes & David Garcia**

**Jan. 4–24** (Opening Reception with RAA "Love is in the Air" Saturday, Jan. 11, 2–4pm)

**David Garcia** is a retired professional civil engineer who has been a resident of Redlands for 42 years.

He served as Utilities Director for the City of Redlands for 12 years. He enjoys playing golf (twice per week) and working with rocks. He joined the Orange Belt Mineralogical Society, along with his son, to make certain types of rocks into beautiful gemstones. He believes

that gemstones by themselves are nice to look at, but are nicer if made into jewelry.

David has been honing his skills in the art of wire wrapping of gemstones to make beautiful pendants and necklaces.

The rocks he has acquired over the years have come from various sources and places. The rocks that he cuts and polishes come from Africa, South America, Afghanistan, Mexico, Canada, the USA, and many other places in the world.

David is now making framed wall hangings and decorations. They are mosaics consisting of many different gemstones. Recently, he completed a mosaic clock and is currently working on a large mosaic

butterfly. He showcases his pendants at the Redlands Art Association Gallery and the Edward Dean Museum.

About his work, **Joe A. Oakes** says, "Each painting is an emotional response to color... real or imagined but always felt."

"All of us, in varying degrees, have become blind to the colors of our world. Nature is the ultimate inspiration but the mind dictates the color of things without true observation. As a way of awakening our minds to color, I strive to create an alternative version of the

world. Therefore, I create something unique by using color as the catalyst between what you think you know and see and what the world can be."

### Featured Artists: Michelle Myers & David Lines

**Jan. 25–Feb. 13** (Opening Reception: Jan. 25, 2–4pm)

**Michelle Myers** was born and raised in Hayward, California and has lived in various locations around the U.S. such as Oregon, Washington, Michigan, Wyoming, Texas, and recently, moved to Southern California. She grew up with a fascination for art of all types and spent many years using icing as her medium while she was a professional cake decorator and instructor.

Michelle holds an Associates' Degree with an emphasis in painting and continues taking workshops to learn new ways to achieve different techniques and enhance her skills. She is a member of the California Watercolor Association, Watercolor West, National Watercolor Society, the Associated Arts of the Inland Empire and is a Signature Member of the Wyoming Watercolor Society. Michelle has shown her paintings at galleries in California, Texas and Wyoming.

Michelle is inspired by the world around her and all the colors in nature. She uses this inspiration to vibrantly achieve the scenes she paints. Using watercolor as her medium she is able to create views of florals, land and seascapes with a glowing effect. She loves the way paint and paper react; with

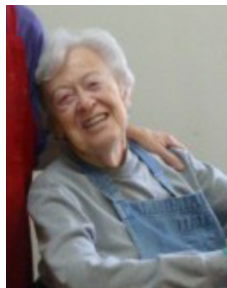

contrasts in hard and soft edges, with dark and light value and color melting on the paper to create shapes and forms that lead the viewer to see the glorious color in this brilliant world around us.

**David Lines** has created stunning art glass through many mediums and forms for over 30 years. His stained and leaded glass commissions and repair work can be seen in historic homes throughout Riverside, as well as Greene & Greene inspired windows at St. Mark Presbyterian Church of Newport

Beach. David teaches fused glass jewelry making at Redlands Art Association and Artworks of Riverside. His items are available for purchase at both galleries. See more of David's work at [StudioLinesGlass.com](http://StudioLinesGlass.com) and [studio.lines](https://www.instagram.com/studio.lines) on Instagram.

**IN MEMORIAM****Lucille von Wolffersdorff 1920–2019**

Lucille died in November 2019 at Plymouth Village where she has lived for many years. She was 99 years old and still painting in the Plymouth Village art studio until a few months before her death. She was a long-time member of RAA. She and her daughter Joy shared the Featured Artist Corner a few years ago.

Lucille finished her memoir "Little Shasta Valley" last year but didn't live to see it published. It is now for sale on Amazon Books and possibly in the Gallery later. It describes her youth on a cattle ranch in northern California.

A memorial service will be held on Saturday, January 18, 2020 at 12pm at Trinity Episcopal Church, 419 S. Fourth Street, Redlands. Reception to follow.

**Joanne Ohnemus, Remembered**

Joanne Ohnemus was a member of RAA for more than 25 years, showing her birdhouses and garden-related art. Although her medium in the early years was watercolor, acrylic, oil, photography, monoprint, and collage, her art that we know now, uses wood, recycled materials and cast-away objects.

Most of the art relates to nature and the great outdoors, but she occasionally took up some abstract design.

In 1992, Ohnemus and her husband, Edward, decided to have a project both could work on... they loved original creative designs and colorful paint, so they started "Bird Abode." Edward designed and constructed each birdhouse and Joanne lovingly painted, numbered, and signed each one. During the process of making birdhouses, the inspiration of the assemblage art piece was developed. Facades and full birdhouses have been used on these one-of-a-kind artworks. Recycled materials and castoffs from her artist friends were used in many of their sculptures. Joanne also made mosaic wood jewelry, alcohol ink framed tiles, garden box planters, and multi-media cards.
